

How Much Would An 8% to 12% Fuel Savings Impact Your Fleet Budget...

Gas and Diesel Fleets

Boats and Ships

Agricultural

Heavy Equipment

OTR Trucks

Locomotives

More Miles-Per-Gallon

Lower Emissions

Increased Injector Life

Higher Octane and
Cetane Ratings

Reduced Combustion
Chamber Deposits

Better Fuel Stability
and Longevity

...With No Costly Retrofits?

Real Testimonials from DurAlt® Users!

"Your technology offers an **immediate benefit** to our customers whose engines are equipped with knock sensors"
-J.C., Director, Advanced Powertrain,
Ford Motor Company

"Our fleet (of heavy duty bus coaches) average miles per gallon **rose over 13%**"
-J.J., Transit Director, Summit Stage,
Summit County, Colorado

"Smoke and diesel emissions have been **greatly reduced**"
-S.S., Shop Foreman, Manitou & Pikes Peak Railway Co.,
Colorado Springs, Colorado

"**We save** approximately **\$26,000** each time we refuel"
-Mercy Ships (operating the largest non-governmental
hospital ship in the world)

Finally, a fuel additive that's been proven to maximize engine life and reduce emissions. Immediate ROI...guaranteed without costly retrofits.

DurAlt® Fuel Conditioner will increase average MPG in gas and diesel engines by 8 to 12 percent without infrastructure changes or new equipment investment.

In both gasoline and diesel engines, DurAlt® will:

- Increase average MPG by 8 to 12% or more
- Significantly reduce hydrocarbon, PM and CO² emissions
- Reduce engine noise and knocking
- Extend injector and fuel system life
- Reduce and remove combustion chamber deposits
- Enhance octane and cetane ratings
- Improve fuel stability and longevity during storage

If this sounds "too good to be true", give us a call and **let us prove** to you how to reduce costs in your fleet operation and get an immediate R.O.I. ...**guaranteed!**
